*“It is true that a person must believe in Jesus Christ in order to become a Christian. John says that Jesus gives power to become children of God even to those who believe on His name. You must believe. At the same time however, you must know that if you do believe, it is only because God has already taken the initiative to plant His divine life within you. In other words, you must learn that man never makes the first move toward God and that no one would be saved unless God operated that way.”*
